AHC40610 Certificate IV in Production Nursery

Why do the course?
The Certificate IV in Production Nursery allows individuals to develop post-trade skills and knowledge to become specialists within the production nursery industry. This course is supported by the Nursery and Garden Industry of Victoria and the industry expects this qualification to be achieved to meet job outcomes at this level. Successful candidates will receive national recognition with their AHC40610 Certificate IV in Production Nursery from NorthEd International College.

Course location and duration
Our trainers will come to your workplace and tailor a program to suit your workplace commitments. They will work with you, or your business, to assess current skills and create a flexible training course and timeline to meet your needs.

Cost of the course?
The Victorian and Commonwealth Government funding supports students by offering subsidised training places for eligible students. This means that if you meet the eligibility requirements, the cost of your training will be covered by the Victorian Government; there will be no fees charged for eligible students. This is including, but not limited to, student services, amenities fees, fees for goods, services or materials and administration fees.

Fees for ineligible students are determined on an individual basis.

Eligibility criteria can be easily checked by contacting NorthEd International College or visit our website www.northed.edu.au

Call 1300 NORTHEd or send an enquiry to enquiries@northed.edu.au
