REFUNDS

Each international student acknowledges and agrees to the terms and conditions of the NED refund policy and procedures document on signing the Acceptance of Offer document.

Refunds are willingly made in accordance with the Refund Policy available on the Web site.

HOW TO APPLY FOR A REFUND

Refund applications must be made in writing to the College when any of the following circumstances apply. You can access our refund form from our website or by contacting the office on +61 3 5018 4600 or emailing enquiries@northed.edu.au when any of the following circumstances apply.

In the unlikely event that NorthEd International College is unable to deliver your course in full; students may be offered enrolment in an alternative course by NorthEd International College at no extra cost.

Students have the right to choose whether they would prefer a refund of course fees, or to accept a place in another course. If he/she chooses placement in another course, NorthEd International College will require students to sign a document to indicate that you accept the placement.

The refund of course fees will be determined by the following criteria and calculations.

NorthEd International College Default

NorthEd International College will refund course fees paid by the student in the event that:
- The course does not start of the agreed starting date which is notified in the Letter of Offer.
- The course stops being provided after it starts and before it is completed
- The course is not provided fully to the Student because the College has a sanction imposed by a government regulator
- If the course defaults, refunds will be granted in accordance with the provisions of the ESOS Act 2000 (s.46A ESOS ACT) and the ESOS Regulations
Where the student has not accepted a place in an alternative course the following applies.

Calculation of the amount of unspent pre-paid fees – provider default

For subsection 46D(7) of the Act, the specified method for working out the amount of unspent pre-paid fees is:

(a) Pre-paid amount for a particular period / Number of weeks* to which the payment relates  
= Tuition fee per week

(b) Tuition fee per week X number of weeks** between the date of default and the end of the period to which the payment relates  
= unspent pre-paid tuition (the refund amount)

*The number of weeks to which the pre-paid amount relates is to be calculated by rounding up the number obtained by dividing the number of days between the start and end dates of the period to which the payment relates (inclusive) by 7.

**The number of weeks between the date of default and the end of the period to which the payment relates is to be calculated by rounding up the number obtained by dividing the number of days between the date of default and the end date of the period to which the payment relates (inclusive) by 7.

Refunds under the above conditions will be paid in full to the Student within 14 days.

Student Default

Calculation of the amount of unspent pre-paid fees – other cases

The amount of unspent pre-paid fees that the provider must refund the student for the purpose of subsection 47E(2) of the Act is the total amount of the pre-paid fees the provider received for the course in respect of the student less the following amount:

the lesser of:

(a) 5% of the total amount of pre-paid fees that the provider received in respect of the student for the course before the default day; or

(b) the sum of $500

Example

Student pays $5500 and completes 15 weeks or learning, the student then defaults and the sum of the $1375 is left as unspent pre paid fees.

The provider can only take the least amount of 5% of $1375 or $500

In this case the provider will retain the 5% which is a total of $68

Student fees are protected by an Australian Government recognised Tuition Protection Scheme. For more information click on the link [http://www.tps.gov.au](http://www.tps.gov.au).
