AHC32810 Certificate III in Rural Operations

Why do the course?
This qualification provides an occupational outcome in agriculture, horticulture and conservation land management and at least one and up to three other related industries. Depending on the units selected, individuals will be able to seek employment not only in rural industries but also other industry sectors, such as local government, tourism, hospitality, transport, construction, information technology and metals.

The Certificate III in Rural Operations underpins a range of work functions and job roles that start people on their path to multifunctional job roles that suit regional areas of Australia.

Successful candidates will receive national recognition with their AHC32810 Certificate III in Rural Operations from NorthEd International College.

Further training pathways from this qualification include, but are not limited to; Certificate IV in Agriculture, Certificate IV in Production Horticulture or Certificate IV in Horticulture.

Course location and duration
Students will study at our Mildura Campus.
The Duration of the course is 40 Weeks, including 4 weeks holidays.

Typical course structure and assessment
Course consists of 16 units (2 core and 14 elective). Assessments include practical activities, written questions and answers and observations.

Recognition of Prior Learning (RPL)
RPL recognises the skills you have gained from other courses, life and work experiences and training provided in your workplace. The RPL process measures your skills against the outcomes of the course in which you are going to enrol. It also acknowledges that you may already have more than the required level of skills but no formal accreditation of them. This process enables us to identify gaps in your skills and deliver training where required to meet industry standards.

Cost of the course?
